The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. ITEM #1 QUESTIONS/ANSWERS

Q1: On page 117 under utility adjustments sheet number 12.2 RT RD WAY at station 244+40. The note states to move the hydrant behind the sidewalk. I do not see a pay item for this work. How is the Contractor getting paid or what pay item does this fall under? Please advise.

ITEM #2 CORRECTION: On page 20, under SP-07 it states 'The Contractor shall use no more than **200 calendar days** from the date specified in the Notice to Proceed, being the Contract Time, to complete all phases of this project.'. Please ~~200~~ and add 290.

Bidders are hereby notified that this addendum shall be made a part of the above-named proposal and contract documents. The following is issued to modify, and/or clarify the bid and contract documents. These items shall have the same force and effect as the original bid and contract documents, and bids to be submitted on the specified bid date, shall conform with the additions, deletions and revisions listed as herein.

ITEM #1 QUESTIONS/ANSWERS

Q1: Under the CCU Potable water items there are 3 pay items 45,46&47. They are all large quantities. The only reference to these items is a note 21 listed on page 128 sheet # 3 which states 21. A TEMPORARY MAIN MAY BE NEEDED IN AREAS OF CONFLICT WITH EXISTING WATER MAIN. No where on the plans does it show these locations or does it give the lengths of the temporary pipe. Is this a continuous run? Is it ten different locations? How is the contractor supposed to price these items when there is no information to go off of. Some more information would be very helpful in pricing these items. Please advise.

A1: All existing potable water services shall remain in service throughout the duration of construction activity. It is the Contractor's responsibility to maintain the flow of the existing facilities during the construction and change-over construction between the existing and the new facilities. It is Contractor's means and methods. There is no design for a temporary water main. It is up to the Contractor if and where he installs the temporary water main.

Q2: Is a licensed plumber required on this project for connecting to the homeowner's water line?

A2: No, CCU inspector will witness connection to existing home.

Q3: Are any permits required for the homeowner's connection?

A3: No, usually involves CCU side of the meter swivel.

This addendum is binding and is to be considered as if contained within the original bid documents of Bid No. 2024000528. Bidders are required to acknowledge receipt of this addendum on their bid forms.

RE: CERTIFICATE OF QUALIFICATION

The Department of Transportation has qualified your company for the type of work indicated below.

FDOT APPROVED WORK CLASSES:

DRAINAGE, FENCING, GRADING, GRASSING, SEEDING AND SODDING, SIDEWALK, Underground Utilities (Water & Sewer)

Unless notified otherwise, this Certificate of Qualification will expire **6/30/2025**.

In accordance with Section 337.14(4), Florida Statutes, changes to Ability Factor or Maximum Capacity Rating will not take effect until after the expiration of the current certificate of prequalification (if applicable).

In accordance with Section 337.14(1), Florida Statutes, an application for qualification must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If the company's maximum capacity has been revised, it may be accessed by logging into the Contractor Prequalification Application System via the following link:

<HTTPS://fdotwp1.dot.state.fl.us/ContractorPreQualification>

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

The company may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing the most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that the company has performed such work.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

A handwritten signature in black ink that reads "James E. Taylor II". The signature is written in a cursive style with a large, stylized "A" at the end.
