Brooke Bailey (Sarasota County Utilities Director)  
Dave Watson (Charlotte County Utilities Director)  
Patrick Shea (Manatee County Utilities Director)  
Greg Harris (DeSoto County Utilities Director)  
Tricia Wisner (City of North Port Utilities Director)

The 2005 Master Water Supply Contract (Section 11 – see attached) specifies that no later than **January 15<sup>th</sup>** of each Contract Year, each Customer shall submit to the Authority a report which identifies the following:

- Total Projected Water Demand by Contract Year for the next 20 years
- That portion of the Total 20-Year Demand the Customer requires the Authority to fulfill in terms of Annual Average Daily Quantity, Peak Month Average Daily Quantity, and Maximum Daily Quantity; and
- The Basis for each Projection.

Customer reports for the 2027-2046 planning period should be approved by your Board of County/City Commissioners prior to submittal to the Authority.

To include the most recent information in our FY 2027 Tentative Budget, we are requesting that your demand projections be submitted to the Authority by January 15, 2026. This will allow for the discussion of up-to-date demand projections at the Authority's April 2026 Board meeting.

On behalf of the Authority, thank you for your attention on this matter. If you'd like to meet and discuss any of the items above, please let me know.

Best Regards,

Richard T. Anderson  
Executive Director
