DRUG FREE WORKPLACE FORM

The undersigned vendor in accordance with Florida Statute 287.087 hereby certifies that DeJonge Excavating Contractors Inc.
does: (name of business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

RE: RFP NO.20250482 Emergency Repairs of Water, Wastewater, and Reclaimed Water Systems Annual Contract.

Dear Committee,

DeJonge Excavating would like to be considered for the Annual Repair Contract.

DeJonge Excavating declares that this proposal is made without collusion with any other person or entity submitting a proposal pursuant to RFP NO. 20250482 and Charlotte County Resolution #2011-211.

A. Report on DeJonge Excavating Contractors Inc.

DeJonge excavating is a Florida Corporation formed in 1996. DeJonge is based out of Venice FL and has served the tri county area with Water, Wastewater, Reclaimed Water and Storm Water system repair and services. DeJonge Excavating specializes in Emergency and Scheduled infrastructure repairs ranging from water and sewer services leaks to bypassing headworks at a 10 MGD WWTP to replace failed ductile iron pipe. DeJonge holds Florida General Contractors License so we can take care of the projects from Start to Finish. We are also recognized by the CERC (Certified Environmentally Responsible Contractor)

DeJonge has held Emergency Repair contracts for over 25 years which has led to an extensive stock of pipe, fittings, and valves. We have a great relationship with our material vendors which allows us access to additional inventory after hours.

DeJonge's fleet of equipment is extensive and is constantly upgraded with the latest tooling and equipment, allowing us to stay at the ready. Though we do not rely on rental equipment, we do maintain a list of vendors in case a need arises. See attached list of equipment.

Our staff is on call and seasoned with repair projects. Leigh DeJonge and Andrew DeJonge are the owners of DeJonge Excavating and are committed to assisting our community with repairs, safely getting the job done, and restoring the job back to existing conditions or better than when we arrived.

De Jonge Excavating Contractors, Inc.

Excavations, Gradings & Underground Utilities

Current Emergency repair clients:

Sarasota County Public Utilities

We have held the repair contract for 25 years

Installing and repairing potable water system from ¾" to 48"

Installed new and replaced water mains, valves, hydrants, ARV's, meters and backflows.

Repairs have also included Water Plants and Booster stations.

Wastewater main repairs ranging from 2" to 36"

Services have included LPS system maintenance, gravity sewer, gravity systems cleaning, installing and replacing manholes, lift stations, ARV's, valves, meters, clean outs, booster pumps station repairs, force mains, and vacuum systems.

Reject and Reuse system repairs and maintenance.

Manatee county

Manatee does not have a term contract, but we do repairs to their infrastructure on an RFQ basis.

City of Venice Utilities

We have repaired and maintained the City of Venice's utilities for over 20 years and currently hold a term contract.

City of North Port Utilities

We have repaired and maintained the City of North Port Utilities for close to 20 years, the city piggy backs off the Sarasota County Contract.

Charlotte County Utilities

We have just recently started working with charlotte county utilities. We were contacted to aid in the removal of a 36" abandoned force main that was in conflict with a storm pipe installation. Charlotte county piggybacked of the Sarasota County Contract for this work.

De Jonge Excavating Contractors, Inc.

Excavations, Gradings & Underground Utilities

B. Our Project Approach

Leigh and Andrew will be the primary contacts for emergency work. A lot depends on the severity of the issue and the damage it is causing to the environment, public, and property. When we receive a call it will be determined if an immediate response is needed, next day repair, or adding it to the schedule will be required.

DeJonge has five crews to pull members together and get the required crew depending on the scope of work and the severity of the repair. DeJonge has pumper trucks, tankers, and vac trucks to mitigate the environmental impacts. As well as setting up bypassing to make the required repairs, bypass pumps will be equipped with alarm notification and remote monitoring. We also have an inventory of 4"-12" insertion valves and can install up to a 24" insertion valves to aid in the utility repair. DeJonge will contact a Maintenance of Traffic (MOT) equipment provider and have an engineered MOT plan created if needed. DeJonge will contact a Trench Safety provider to create an engineered sheeting and shoring plan if the site requires.

DeJonge has subcontractors with emergency response experience at the ready for pipe lining, manhole and wet well coating, pipe bursting, horizontal directional drills, and precast structures.

After the utility is repaired all restoration will be completed to an existing or better than existing condition. This includes roads, sidewalks, and landscaping restoration. DeJonge Warranties all work for the industry standard of one year from completion. We look forward to working with you in the future.

Thank you for your consideration.

Andrew DeJonge VP
