Comment: 193 Purus St. Utility Pole for AMI Equipment

Scope of Work- Details, Notes, Assumptions, Terms & Conditions.

- Start Date – To be determined with best effort completion date.
- Provide construction drawings and permitting for project.
- Pole & Mi. Net Mi.Hub Collector System Installation.
 - o Scan site with Ground Penetrating Radar (GPR) to avoid underground utilities and irrigation lines.
 - o Drill 3' diameter hole and install 50' concrete utility pole 10' deep for 40' AG height.
 - o Fill hole with #57 stone.
 - o Install Mi.Net Mi.Hub XR-R remote amplifier and Mi.Hub Data Collector on pole at 10' AGL
 - o Install omnidirectional antenna at 35' AGL on concrete utility pole.
 - o Install coaxial cables from Mi.Hub Data Collector to Mi.Hub XRR remote amplifier and to antenna on pole.
 - o Install ground rods and ground wires to busbar on pole and to equipment. Cadweld ground wire to busbars and ground rod.
 - o Install surge arrestors, cable grounds, and power connection.
 - o Move existing electrical service to new pole and connect to equipment. (To be quoted and charged separately.)
 - o Remove and dispose any existing damaged poles, materials, and associated cabling. Any existing foundation removal is not included. Any existing tower legs will be cut flush with foundation.
 - o Foundation (#57 stone) based on normal area soils and is subject to modification based on soils report.
- CCU Tasks & Responsibilities.
 - o Charlotte County Utilities will be responsible for coordination of included GPR testing and utility locates at these sites due to site conditions and existing underground services.
 - o Any zoning variances required for permitting of new poles will be the responsibility of Charlotte County Utilities.
 - o Site Clearing by others (as needed for access).

Pricing is based on (4) poles to be ordered and constructed for three additional sites and includes quantity discounts for materials and services.

Alpha-Omega Communications, LLC, (AOC), an approved CCU/CC BoCC contractor, will provide services and products for this project as a subcontractor to IBT/Omnia.
