Sales Tax 2020 Update

Water Quality Enhancement Projects

Cochran Boulevard Wastewater Force Main

Project:

- A new force main in mid-county, approximately 9,600 feet long.
- Currently in engineering design.

Goal:

- Relieve stress on the Quesada Master Lift Station by diverting wastewater flows from Toledo Blade Boulevard to Midway Boulevard.
- Will support the future Lakeview/Midway septic to sewer project.

Location:

- Toledo Blade Boulevard from Cedarwood Street to Collingswood Boulevard, and Cochran Boulevard to Lake View Boulevard.

Sales tax allotment: \$1,000,000.

Map: Cochran Boulevard Wastewater Force Main

State Road 776 Wastewater Force Main

Project:

- A new 16 to 20-inch wastewater force main.
- Will include reclaim and potable water infrastructure.
- Currently in engineering design.

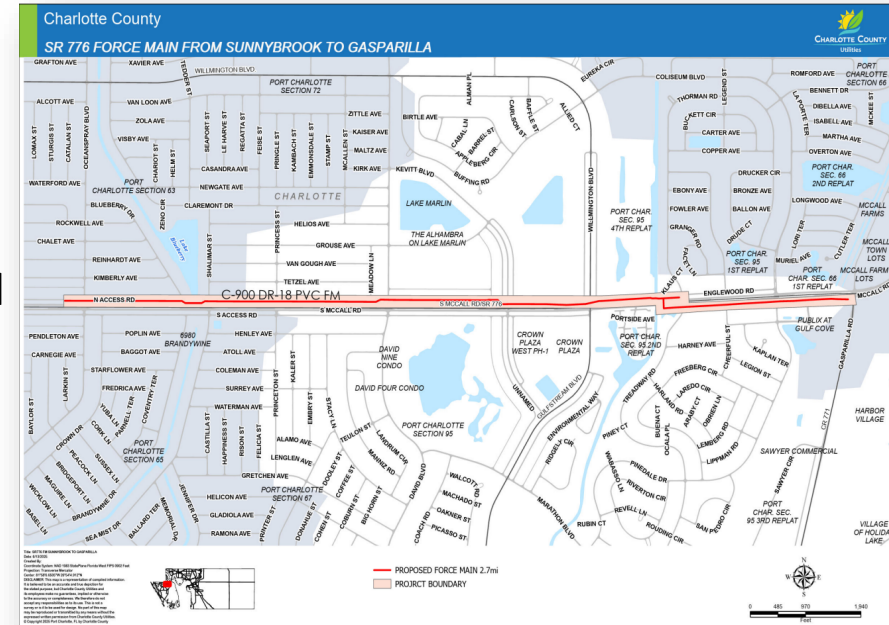

Goal:

- Increase capacity to meet the residential and commercial growth of this area and redirect flow away from Englewood Water District.

Location:

- State Road 776 from Sunnybrook Boulevard to Gasparilla Road.

Sales tax allotment: \$1,000,000

CHARLOTTE COUNTY
FLORIDA

Burnt Store Water Reclamation Facility Expansion

Project:

- Temporary and permanent expansions of wastewater treatment capacity.

Goal:

- Meet the growing wastewater disposal needs of the Burnt Store service area.

Location:

- Burnt Store Water Reclamation Facility.

Sales tax allotment: \$1,000,000
