TO: PROSPECTIVE BIDDERS

RE: BID 20250062 KINGS HIGHWAY AND HARBORVIEW ROAD INTERSECTION IMPROVEMENTS

BID DUE DATE: FEBRUARY 19, 2025,

ADDENDUM NO. 1

Bidders are hereby notified that this addendum shall be made a part of the above-named proposal and contract documents.

The following is issued to modify, and/or clarify the proposal and contract documents. These items shall have the same force and effect as the original Bid and contract documents, and Bids to be submitted on the specified date shall conform with the additions, deletions and revisions as listed herein.

QUESTIONS AND ANSWERS:

Q1. Would the County consider allowing the Awarded Contractor to delay the start date up to 150 calendar days to accommodate the 26-week lead times for the mast arms?

A1. The Contract Time of 195 calendar days includes lead time for the purchase of the mast arms. The Awarded Contractor will have enough time to complete the project as materials can be ordered once the Notice to Proceed is issued. While waiting for the orders to come in, the Awarded Contractor will be able to start on other aspects of the project. This will be discussed more in depth at the pre-construction meeting.

Q2. What is the current anticipated start date?

A2. The anticipated start date will be determined at the pre-construction meeting with the Awarded Contractor and the Project Manager. The department is looking to get this started as quickly as possible.

This addendum is binding and is to be considered as if contained within the original quote documents of Bid No. 20250062. **Bidders are required to acknowledge receipt of this addendum on their Bid Forms.**

If you do not have a number, see *How to get a TIN*, later.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

RE: CERTIFICATE OF QUALIFICATION

The Department of Transportation has qualified your company for the type of work indicated below.

FDOT APPROVED WORK CLASSES:

DRAINAGE, FENCING, GRADING, GRASSING, SEEDING AND SODDING, SIDEWALK, Underground Utilities (Water & Sewer)

Unless notified otherwise, this Certificate of Qualification will expire **6/30/2025**.

In accordance with Section 337.14(4), Florida Statutes, changes to Ability Factor or Maximum Capacity Rating will not take effect until after the expiration of the current certificate of prequalification (if applicable).

In accordance with Section 337.14(1), Florida Statutes, an application for qualification must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If the company's maximum capacity has been revised, it may be accessed by logging into the Contractor Prequalification Application System via the following link:

<HTTPS://fdotwp1.dot.state.fl.us/ContractorPreQualification>

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

The company may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing the most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that the company has performed such work.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

James E. Taylor II, Prequalification Supervisor
