C. Fiscal years covered by the Plan: 2020-2021, 2021-2022, 2022-2023

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and

Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government,

lending institutions, builders, developers, not-for-profit institutions, community-based housing organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local

resources and cost saving measures into a local housing partnership by using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida

Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs. In addition, the Charlotte County Board of County Commissioners (BOCC) offer the Charlotte HOME program, an incentive, subsidy, and funding program for affordable housing developments.

- G. **Public Input:** Public input was solicited through face-to-face meetings with housing providers, social service providers, local lenders, and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.
- H. **Advertising and Outreach:** SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no public notice of funding availability is required.
- I. **Waiting List/Priorities:** A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time and date the pre-qualification phone interview is done with the applicant as well as any established funding priorities as described in this plan.

The following priorities for funding described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

Special Needs Households, Extremely Low, Very Low-, and Low-Income Households.

- J. **Discrimination:** In accordance with the provisions of Sections 760.20-760.37, F.S., it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

- L. **Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be calculated for any 12-month period beginning, not earlier than, the fourth calendar year prior to the year in which the award occurs. Local HFA Numbers	

- M. **Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria in applications for awards to eligible sponsors shall be developed. This will include a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility. If another governmental entity provides periodic monitoring and determination, a municipality, county, or local housing financing authority, may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program, must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as Exhibit A. Charlotte County finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan. * Sub-recipient organizations are eligible for administrative funds not to exceed 10% of the award, subject to eligible expenses. The total, combined administrative budget (County administrative funds + sub-recipient administrative funds) will not exceed 10% of the annual allocation.~~A line-item budget is attached as Exhibit A. Charlotte County finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.~~

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that of small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." The applicable local

jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration: Administration of the local housing assistance plan will be performed by:

U. Describe efforts to incorporate Green Building and Energy Saving products and processes: In May 2009, Charlotte County adopted a Green Building Ordinance to become a more sustainable community by reducing the environmental impact of buildings and promoting economic and environmental health in the County. The program encourages, advocates, and educates green building and development, while offering incentives to participants. Involvement in the program is voluntary to private residential and commercial projects. However, it is a mandatory policy in the design and construction of all buildings owned and constructed by or on behalf of Charlotte County.

The establishment of this Ordinance requires that the County, in all construction projects, abide by County adopted building codes that result in innovative, energy efficient and wind resistant construction practices. This Ordinance was adopted as a direct result of the 2004 Hurricane season that resulted in widespread damage to County structures. The adoption of this Ordinance strongly encourages non-governmental construction projects follow the same requirements on a voluntary basis. These requirements are reviewed as part of the permitting process and have/will continue to result in these changes in construction industry of the County.

V. Describe efforts to meet the 20% Special Needs set-aside: The Charlotte County SHIP Program will seek and market, through its partners, the County Web Page and public outreach, that funds are available for Special Needs clients. As potential clients contact the SHIP Office there is a telephone interview to determine basic qualifications as well as a determination of any Special Needs. Additionally, the City of Punta Gorda refers any such clients when identified. The Charlotte County

Human Services Department receives referrals of special needs clients from Intake Services, Veteran Services, Aging & Adult Services, and Neighborhood Services, all Human Services Department divisions.

W. Describe efforts to reduce homelessness: Charlotte County has included in the 2020-2023 LHAP a strategy for rental assistance and eviction prevention. This strategy assists families acquire and/or maintain rental housing. Funds are awarded to renter households in need of security and utility deposit assistance, monthly rent assistance or rent subsidy. Charlotte County's Housing and Financial Stability Program (HFSP) also provides funding to assist families with housing assistance when available. The United Way's Season of Sharing program, Charlotte County's CSBG & TANF funds also provide housing assistance as funding allows. Charlotte County Human Services serves as an access point for coordinated entry with referral to the Continuum of Care for housing re-entry services.

H. Demolition/Reconstruction	Code 4
------------------------------	--------

a.	Summary of Strategy: This strategy awards funds for the costs associated with the demolition and reconstruction of a substandard housing unit when the home is beyond financial feasibility to repair. Structures will be demolished and rebuilt under the following cases:

1. Single family properties that are located in a flood zone and have estimated rehabilitation costs exceeding 50% of the assessed value, will be demolished and rebuilt to meet FEMA regulations.
 2. Single family properties that are not in a flood zone but are beyond repair and unsafe for human habitation. The property must meet the definition* of an unsafe structure and the building department, in cooperation with the SHIP projects manager, shall determine the economic feasibility of the rehabilitation and soundness of the structure to determine if a replacement home is financially feasible and necessary. III. LHAP Incentive Strategies

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. **Expedited Permitting** Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Section 3-9-5.4 of the Charlotte County Code of Laws and Ordinances (County Code), adopted in 1998, established an Expedited Process for Certified Affordable Housing Development. This places a priority on the review of "Certified Affordable Housing Development" projects, as defined as housing projects in which at least 25 percent of the total units constructed are made available to low- or very-low income residents. This expedited process does not apply to plan amendments, rezoning petitions, plat applications, or a petition before the Board of Zoning Appeals.

B. **Ongoing Review Process** An ongoing process for review of local policies, ordinances, regulations, and plan provisions that increase the cost of housing prior to their adoption.

Proposed policies, ordinances, and plan amendments submit an Economic Impact Estimate to review their potential costs or savings.

C. **Modification of Impact Fees** Including a reduction or waiver of fees and alternative methods of fee payments for affordable housing. Impact fees are waived on units determined affordable (reserved for <80% AMI) for a minimum term of 20 years. The Affordable Housing Trust Fund may be used to pay impact fees for affordable housing developments.

D. **Flexible Densities** Section 3-9-150 of the County Code allows the County to award Incentive Density, which provides increased density for the development of multifamily rental housing or workforce and affordable housing, in tandem with a future land use map amendment and rezoning. Total densities may not exceed that established by the future

land use map.

- E. **Parking and Setback Requirements** Parking reduction is currently allowed with the submission of a study showing that a reduced number of parking spaces are necessary. Section 3-9-79 of the County Code allows a developer to submit a parking study during the Site Plan Review process demonstrating why parking requirements for their development may be reduced below 1.5 spaces per unit for multifamily development or 2.0 spaces per unit for single-family development. This policy is not exclusive to the development of affordable housing.
- F. **Affordable Accessory Dwelling Units** The County's Transfer of Density Units program requires a transfer of density to raise the maximum residential density on any site. An existing home on two or more contiguous lots may construct an accessory dwelling unit, since the property overall has as many density units as included lots. Staff is working to develop policies that ease the development of accessory dwelling units.
- G. **Flexible Lot Configurations** The Planned Development (PD) zoning district allows flexible performance criteria to replace conventional zoning requirements, including lot sizes. Section 3-9-67 of the County Code allows the development of cluster housing, where "a lot size smaller than normally required is permitted so long as density does not exceed the maximum density permitted in such district".
- H. **Modification of Street Requirements** Reduced sidewalk and street walk requirements are used as an incentive for the inclusion of affordable housing in large-scale development on a case-by-case basis in the County. An affordable housing development can apply for a variance to reduce the eight-foot sidewalk width requirement with the County Engineer. The County Engineer will review the request as it relates to the incentive strategies approved by the Board of County Commissioners. The majority of development in the City is infill oriented on an existing grid system.
- I. **Public Land Inventory** Florida Statute 125.379 requires that every three (3) years, each county is to prepare an inventory list of county-owned property deemed appropriate for Affordable Housing. A list of current available county-owned properties is sent to Housing Staff for selection of properties deemed appropriate for use as Affordable Housing. Once properties have been selected, a Public Hearing is held, and approval is received by the Board of County Commissioners to add properties to list of Affordable Housing Inventory.

Non-profit Affordable Housing developers may request the donation of county-owned property on the inventory list via application to the Charlotte HOME program. Donated properties are subject to a Land Use Restriction Agreement (LURA) that outlines the term of affordability and eligibility criteria (income, special needs, etc.). Proceeds from the sale of properties on the inventory list are credited to the affordable housing trust fund to support future development. The inventory list is revised/updated as surplus properties are acquired, donated, or sold – no less frequently than every 3 years.
- J. **Support of Development Near Transportation Hubs** Charlotte County does not currently have any transportation hubs to support a policy for development. If a fixed-route transit

system is put into place, Transit Oriented Development policies could be developed and implemented.
