Consistency with the County's Comprehensive Plan and Section 3-9-150: Transfer of Density Units (TDU) of the Charlotte County Code of Laws and Ordinances:

There are two documents that govern the Transfer of Density Units program. The first is the County's Comprehensive Plan, and the other is the Charlotte County Code of Laws and Ordinances, Section 3-9-150: Transfer of Density Units (TDU).

The criteria for SZs within the TDU program are established in **Future Land Use (FLU) Policy 1.2.9: TDU Sending Zones**. One of 11 criteria is:

"2. Lands within the Rural Service Area (FLUM Series Map #3) retaining a bona fide agricultural use or consisting of substandard platted lots.

This CSZ request is consistent with this policy and meets one specific criteria.

Public potable water or sanitary sewer service is not available for these substandard platted lots, and the applicant has submitted a restrictive covenant to declare that no residential developments rights will be retained on these platted lots. Therefore, this CSZ application is consistent with **FLU Policy 1.2.10: Restrictions on Sending Zones** for item 2 under FLU Policy 1.2.9, which specifically states that: *"If consisting of substandard platted lots, such Sending Zone sites shall be placed under a restrictive covenant and all density severed except that owners shall retain one unit of density per platted lot if public potable water or sanitary sewer service is available."*

Section 3-9-150(d)(1) of the Charlotte County Code of Laws and Ordinances further establishes criteria for qualifying as an SZ and states that *"to qualify as an SZ, the proposed SZ must contain at least one (1) density unit and it must comply with one (1) of the following"* criteria, including that: *"It is located within the rural service area, as depicted on FLUM Series Map #3: Service Area Delineation, and contains a bona fide agricultural use or consists of substandard platted lots."* This CSZ request meets this TDU Code requirement.

Staff Summary:

Based upon the analysis and conclusions set forth herein, in staff's professional opinion, this CSZ application is consistent with the intent and requirements of the County's TDU Program as established in the County's Comprehensive Plan and the County's Code of Laws and Ordinances, and other applicable guidelines.
