**CONSOLIDATED TERM SHEET
FOR TEMPORARY CONSTRUCTION EASEMENTS
NECESSARY FOR THE CONSTRUCTION OF ROAD WIDENING IMPROVEMENTS
TO HARBORVIEW ROAD**

The scope and intended use of the temporary construction easements for the Harborview Road Widening Project are as follows:

1. The Temporary Construction Easement interests and rights to be acquired by the Board are exclusive temporary construction easements, over, above, across, through and under the owners' property as set forth in the Resolution of Necessity for the purpose of re-grading the slope of the remainder adjacent properties to harmonize the grade and tie down slopes with the elevation of the proposed road improvements as shown in the Project Construction Plans, which temporary easement rights shall extend to the Board's agents, employees, representatives, licensees, invitees or such other persons or entities as the Board deems necessary. Such construction activities, more particularly set forth in the Project Construction Plans also include, but are not limited to, providing vehicular, equipment and pedestrian access to the area of excavation and removing vegetation, structures or fences on the temporary construction easement property as well as:

a. During construction activity, the Board and its agents shall have the right to construct, relocate, maintain and replace fencing on the temporary construction easement property.

b. During construction activity, the Board and its agents shall not unreasonably restrict ingress or egress of the owners' property abutting the temporary construction easement property and shall provide reasonable ingress and egress across the temporary construction property for the use of the owner.

c. After completion of the construction activity, the Board and its agents will remove all construction equipment and unused materials and will grade the temporary construction easement property and other areas, if any, that were disturbed by the construction operations. Subject to the Board's and its agents' rights hereunder and to the extent not inconsistent with therewith, the Board will restore the surface of all disturbed areas of the temporary construction easement property to original contour and condition, as near as is reasonably practical.

d. The Temporary Construction Easement is a temporary, exclusive easement. The start date of the temporary construction easement shall begin and commence on the date of deposit into the Court Registry pursuant to Section 74.061 Fla. Stat. (effective date). The duration shall cease and terminate, and all rights, title and interest hereby acquired shall revert to the owner(s) or their successors and assigns upon the later date of: (i) ten (10) years from the effective date or (ii) the recording of a certificate of completion of construction of the Harborview Road Widening Project by the Board or its agents.

2. The owner(s) retain the right and may continue to use the temporary construction easements for any lawful purposes that do not directly interfere with the construction activities for the Harborview Road Widening Project.
