Port Charlotte, Florida 33948-1094

RE: Proposal for RFP No. 20250492 - Medical Support Staffing Services for Disaster Shelters

To Whom It May Concern,

Med-Call Healthcare, Inc. is pleased to submit our proposal for RFP No. 20250492. With over 35 years of experience delivering healthcare staffing and support services nationwide, we are confident in our ability to meet Charlotte County's needs for emergency medical staffing. We are a Joint Commission-accredited provider with a successful history of deploying clinical and non-clinical personnel to emergency shelters and disaster sites.

We have served numerous clients across Florida and beyond, including large-scale deployments for multiple hurricanes and mass COVID-19 operations in coordination with FEMA and the State of Florida. Our operational and clinical leadership, along with our expertise and experience working with Florida's disaster response protocols, uniquely qualify us to support Charlotte County before, during, and after emergency events.

Thank you for considering our proposal. We look forward to the opportunity to serve the residents of Charlotte County.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Hoke", is written over a light blue horizontal line.

David Hoke
Chief Executive Officer
Med-Call Healthcare, Inc.
Phone: (312) 626-2655
Email: dhoke@medcallstaffing.com

Licenses and Certifications

- Joint Commission Certified, Gold Seal of Approval
- All healthcare professionals hold current and active licensure in good standing for their respective roles (MD, PA, APRN, RN, CNA, LCSW, LMHC)
- Compliance with all FEMA, Florida Department of Health, and Charlotte County credentialing requirements

Key Personnel

David Hoke, Chief Executive Officer:

David is responsible for the holistic delivery of services as described in the scope of services. Since 2010, David has been the driving force behind Med-Call's vision and thus created an ethos of providing highly qualified medical personnel that are focused on making a difference within the community. David oversees all aspects of Med-Call's operations, financials, administrative and client relation functions. Under his leadership, Med-Call has grown to become a trusted and preferred partner for multiple state government agencies, hospital systems, and many other entities.

Risher Dumpit, Chief Operations Officer:

Risher is a seasoned executive within the healthcare sector with over 25 years of experience. He has previously held leadership roles at staffing and workforce solutions companies such as Accountable Healthcare and The Planet Group, which service the clinical, life science, and biotech industries. Since 2018, Risher coordinates and manages the operational aspects of Med-Call's programs including, recruiting, credentialing, staffing, logistics, etc. He is intimately involved with all aspects of our operations and ensures successful deployment and performance of all programs.

Julie Mulligan, Director of Recruiting:

Julie oversees internal teams and manages large-scale emergency response deployments. With over 20 years of experience in healthcare staffing, she brings deep expertise in operations, compliance, and rapid workforce mobilization. Julie previously led large teams of recruiters, ensuring clinical staff were properly vetted, onboarded, and deployed quickly. Her leadership has been critical in supporting disaster response efforts across multiple states.

Zac Judge, Project Management Director:

Zac has been a key member of the Med-Call Healthcare team since 2021, contributing across multiple areas including project management, logistics, IT, and risk management. Using his extensive experience as a project manager and on-site liaison, Zac plays an integral role in our disaster response programs. Zac works closely with disaster management teams to ensure seamless coordination and successful outcomes in high-pressure environments.

Aneesa Jessani, Director of Nursing:

Aneesa Oversees clinical onboarding, standards, and supervision. Since joining Med-Call in 2021, Aneesa has led the successful deployment of large-scale healthcare staffing initiatives across a variety of settings. She is highly experienced in ensuring that every clinician we place is not only properly credentialed and compliant, but also prepared for the specifics of the individual role. Aneesa oversees all aspects of clinical compliance, playing a critical role in maintaining the integrity and quality of our workforce.

Sample Resumes of Clinical Staff attached on final pages - (Exhibit A)

B. Experience

Narrative

Med-Call Healthcare has been delivering both clinical and non-clinical staffing solutions to public and private sector partners since 1989. We are proud to be a preferred partner to FDEM and have significant experience in rapid mobilization of healthcare personnel under extreme circumstances, including:

- Large Scale staffing of clinical and non-clinical personnel for multiple hurricane response efforts in Florida and other states since 2021
- Large Scale staffing and logistical operations during the COVID-19 pandemic with the State of Florida, IDPH, IEMA, and multiple other states
- Multiple Correctional healthcare programs
- Emergency public health programs in underserved communities and shelters

Our infrastructure includes a robust credentialed database of thousands of clinicians across the nation, including a significant number based in the state of Florida who have successfully worked with us on multiple prior disaster response efforts. We have the experience, operational expertise, and logistical readiness to rapidly deploy teams that are specifically trained and prepared for the unique demands of disaster/emergency environments.

Our personnel are well-versed in providing a full spectrum of related staffing services for hurricane and disaster responses, including medical triage, case management, behavioral health support, and other critical emergency functions.

Customer List

Over our 36-year history, Med-Call has staffed a wide range of public and private facilities and provided a broad spectrum of personnel, including clinical and non-clinical support. The customers listed below represent a relevant sample of our past and current engagements, demonstrating our ability to successfully deliver staffing solutions relevant to this RFP.

Florida Division of Emergency Management

- 2021-Current
- Services:
 - Provided hundreds of clinical individuals for hurricane relief efforts over the past four years
 - Provided hundreds of clinical individuals statewide for COVID-19 response
 - \$16,000,000+
- Contact:
 - Alyssa Carrier (AC Disaster Consulting)
 - acarrier@acdaster.com
 - 940-367-8094

Illinois Emergency Management Agency (IEMA)

- 2021-2023
- Services:
 - Provided all personnel and operational oversight for large-scale statewide COVID-19 vaccine deployment
 - Rapid deployment of complete teams of clinical and non-clinical personnel to multiple sites throughout the state of Illinois
 - \$5,000,000+
- Contact:
 - Melissa Turley
 - 217-720-4689

State of North Carolina (Subcontractor)

- 2024-Current
- Services:
 - Deployed complete teams of clinical shelter staff in support of hurricane disaster responses as a subcontractor.
- Contact:
 - Successful endeavor, but prime contractor is likely a competitor on this RFP, so prefer not to include.

University of Illinois

- 2021-Current
- Services:
 - Supplied hundreds of clinical and non-clinical personnel across 300 schools in Illinois for COVID-19-related testing and support efforts
 - Rapid deployment of teams and management of all operations and logistics
 - Large scale staffing of clinical and non-clinical personnel to multiple healthcare facilities within system
 - \$6,000,000+
- Contact:
 - Rhiannon Clifton
 - 217-778-8772

Cook County Health, Northwestern Medical, Advocate Aurora Health, Other Renown Healthcare Systems

- 1989-Ongoing
- Services:

- Provide thousands of healthcare professionals for long-term staffing needs since 1989

Current Contracts

Med-Call Healthcare's staffing engagements are typically open-ended and based on actual usage (hours worked or services rendered). As such, they do not have pre-set total contract values. While we maintain complete billing records, we believe that emphasizing the scope of services, duration, and quantities of personnel deployed offers a more accurate reflection of our capabilities. Contract values can be provided upon request where appropriate, subject to client confidentiality considerations.

Med-Call has sufficient recruiting and operational bandwidth to rapidly scale and properly support Charlotte County concurrently with current obligations. We maintain a strong pipeline of qualified emergency personnel ready for deployment.

- Florida Division of Emergency Management
- Cook County Health
- Chicago Public Schools
- University of Illinois
- Illinois DCFS
- Multiple Commercial Staffing Contracts

C. Approach

Project Approach

Med-Call Healthcare has successfully executed medical staffing deployments for state and local emergency management agencies for over three decades, including multiple major responses for the State of Florida. Our prior hurricane shelter deployments included personnel stationed throughout Florida, including in Charlotte County, via FDEM. These experiences have allowed us to refine a rapid-response model that prioritizes efficiency, flexibility, and care quality under these unique and challenging conditions.

Deployment Strategy:

- We maintain a ready pool of pre-screened and credentialed clinicians with disaster response experience, particularly in Florida. Once our mission is received, our leadership and recruiting teams mobilize immediately. Through a well-established internal dispatch system, candidates are contacted and scheduled for deployment. Our submission and onboarding processes are optimized for speed and accuracy, leveraging our electronic credentialing platforms, and experienced teams.

Team Composition:

- We work in accordance with Charlotte County's required staffing levels and will provide the teams needed, including Medical Managers (RN), Care Nurses (RN), Care Assistants (CNA), Licensed Mental Health Providers (LCSW, LMHC)
- Exact quantities per role are adjusted based on the specific type and size of shelter, as well as the shift requirements outlined by the County.

Resources/ Equipment:

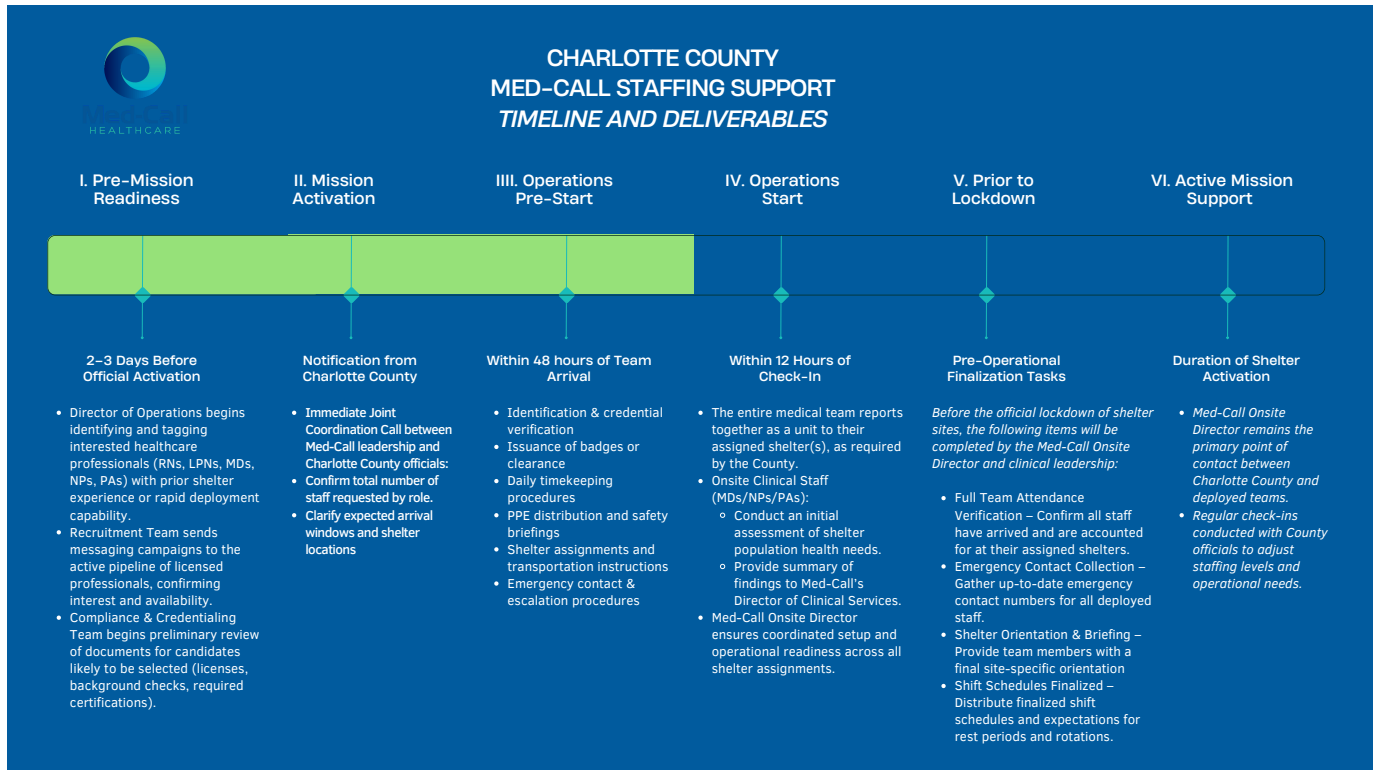

- All Med-Call team members are instructed to arrive self-sufficient, equipped with all essentials to provide care in a shelter environment. We will coordinate with shelter leadership to support any reasonable technology, or equipment needs to ensure documentation and reporting are carried out effectively.

Compliance/Integration:

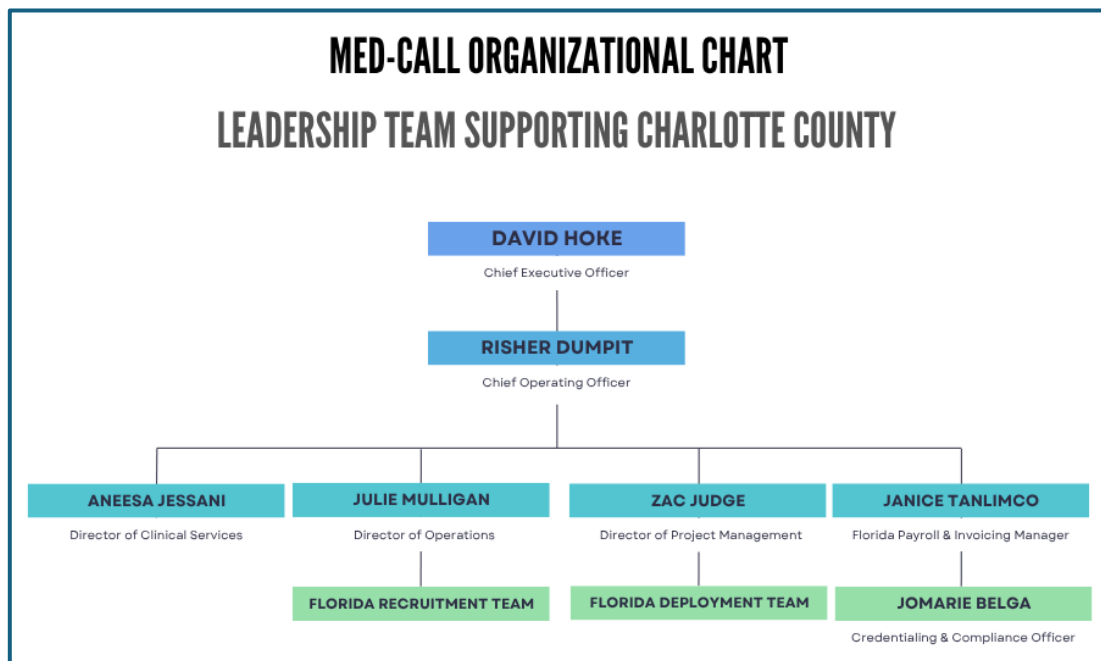

- Our staff operate under the supervision of the local shelter lead and will coordinate all care with Charlotte County Mass Care, Emergency Management, or their designee. All personnel will adhere strictly to FEMA, The State of Florida, and shelter-specific protocols.
- Clinical operations will be compliant with all licensure requirements, and all individuals will be uniformed and credentialed for identification and security purposes.

Med-Call brings deep expertise in disaster healthcare staffing and a proven framework for deploying fully prepared teams, integrated with public emergency infrastructure. We are prepared to do whatever is necessary to meet Charlotte County's needs.

DRUG FREE WORKPLACE FORM

The undersigned vendor in accordance with Florida Statute 287.087 hereby certifies that Med-Call Healthcare, Inc.
does: (name of business)

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.
