I hereby submit my name for consideration to serve in an advisory capacity to the Board of Charlotte County Commissioners on the following Advisory Board:

Charlotte County Industrial Development Authority

Name of Advisory Board

If applying for a specific category/position, please so state: **Board Member**

Occupation: **Civil Engineer**

If currently retired, previous occupation: _____

Civic/Professional Accomplishments/Offices Held:

EDP President

CDBIA Member

Chamber Member

**APPLICATION TO SERVE ON A
CHARLOTTE COUNTY ADVISORY BOARD – CONTINUED**

My qualifications to be eligible are as follows:

I am re-applying for the engineering/development position on the board. Because I am a licensed professional engineer, I have previously qualified for this board position.

If applicable, please indicate any employment, contractual relationship or status that you may have, or have had within the past 12 months, with any private business entity that rents, leases or sells any realty, or provides any goods or services to the County or that is conducting any business with the County.

My employer, Banks Engineering, provides engineering/surveying consulting services to the county on occasion.

Is this application for a new appointment? ☐ Yes ☒ No

If yes, please indicate what you would like to accomplish if you are appointed to this Board:

Is this application for a re-appointment? ☒ Yes ☐ No

➤ **If yes, please indicate what your accomplishments have been while serving on this Board:**

The IDA has helped to issue tax free bonds to help the development of the Babcock Ranch Utility Facility.

➤ **If “Yes”, please indicate what you would like to accomplish during this term:**

I hope to continue to help the IDA issue tax free bonds to qualified candidates within Charlotte County.

If you have previously served on a Charlotte County Advisory Board or are currently serving and seeking reappointment, please indicate the number and general nature of any voting conflict disclosure memorandum filed (Form 8B) while serving on the board:

3

Have you ever worked for the Charlotte County Board of County Commissioners? ☐ Yes ☒ No

TODD R. REBOL, PE

Mr. Rebol, as a Vice President and Principal of **Banks Engineering**, is responsible for the management of the Port Charlotte branch office which services Charlotte County, DeSoto County and the City of North Port. As manager, he is responsible for the everyday operations of the office, which includes the management of projects and personnel. He utilizes this to place individuals on a project that will draw upon the individual's best engineering and/or surveying skills for that particular project. In addition to his experience as a manager for Banks Engineering, he has comprehensive experience in the design, permitting, management and construction of a large range of projects for both the public and private sectors.

REFERENCE PROJECTS

Sidewalks - Year Three Improvements (*Charlotte County, Florida*) – This project includes approximately 20 miles of sidewalk improvements throughout Charlotte County. **Banks Engineering** was responsible for the surveying, design, permitting and limited construction services for the three sidewalk segments (Sandhill Boulevard, Rio de Janeiro Boulevard and Deep Creek Boulevard) located within the Deep Creek Community. The total length of proposed sidewalks that **Banks Engineering** was responsible for in this project is approximately 4.9 miles.

Edgewater Boulevard Improvements (*Charlotte County, Florida*) - This project is an approximate 2.5 mile widening of an existing two lane roadway to a four lane roadway. **Banks Engineering's** design responsibilities included replacement of existing water main with a 16" water main, replacement of existing force main with a 10" and 12" force main, design of new 12" reuse main including services and design of gravity system to be incorporated into the roadway in order to collect existing homes on the roadway corridor and pocket neighborhoods directly adjacent to the roadway. We also provided survey support services for the entire project limits.

Bermont Road Improvements (*Charlotte County, Florida*) – This project includes approximately the addition of paved shoulders and specific drainage improvements to approximately 15 miles of Bermont Road in Charlotte County. **Banks Engineering's** survey responsibilities for the project include the establishment of control and a route survey for approximately eight (8) miles of the proposed project. The surveys included the field work necessary to complete the design services including slopes of existing swales and topographic data for adjacent properties to determine existing drainage patterns.

Harbor Boulevard Improvements (*Charlotte County, Florida*) - This project is an approximate 0.5 mile of improvements to an existing four lane roadway. **Banks Engineering's** surveying responsibilities include the establishment of horizontal and vertical control, establishment of existing right-of-ways, topographic survey, location of underground utilities, and descriptions of parcels for easements and takings.
