BACKGROUND (Why is this Action Necessary, and What Action will be accomplished)

Background:

Lee County Housing Development Corporation (LCHDC) was the recipient of four (4) vacant lots in September 2020 through the AHAC's Disposition of County Surplus Properties process. The Land Use Restriction Agreement (LURA) specifies that development should commence within 24 months with occupancy within 36 months. While LCHDC was slated to meet this requirement, Hurricane Ian diverted their investor and builder toward recovery efforts, delaying the onset of development of these lots.

The Affordable Housing Advisory Committee (AHAC), in their annual report to the Board of County Commissioners (BOCC) on December 14, 2021, advised of the possibility of compliance delays due to Covid related shortages. The Board indicated it would be amenable to considering extensions to

LURAs where COVID-specific delays impact compliance with the terms. We respectfully request accommodation for LCHDC due to Hurricane Ian.

LCHDC requests an extension of 12 months to the developer timeline. Provided are the amended and partially executed LURAs for the four (4) properties and the Resolution authorizing the Chairman to sign.
